

Appendix 1: Questionnaire for pregnant women during lockdown

Item no		
	My contact with my GP during lockdown	
1	I have been to a scheduled antenatal assessment at my GP’s clinic <i>(yes/no)</i>	
2	I was seen by my GP <i>(yes/no)</i>	
3	I was seen by the nurse <i>(yes/no)</i>	
4	I was seen by a midwife in the practice <i>(yes/no)</i>	
5	I have cancelled a scheduled assessment at my GP due to concerns regarding Coronavirus-infection <i>(yes/no)</i>	
6	My GP has cancelled one of my scheduled assessments because of the Corona-situation <i>(yes/no)</i>	
7	I needed to get in touch with my GP with questions about my pregnancy <i>(yes/no)</i>	
8	I have experienced my GP not being able to see me at the clinic because of the Corona-situation <i>(yes/no)</i>	
9	I have been in contact with my GP via phone or video instead of going in to the clinic <i>(yes/no)</i>	
	My contact with my midwife during lockdown	
10	I have been to a scheduled antenatal assessment with my midwife <i>(yes/no)</i>	
11	I have cancelled a scheduled assessment with my midwife due to concerns regarding Coronavirus-infection <i>(yes/no)</i>	
12	My midwife has cancelled one of my scheduled assessments because of the Corona-situation <i>(yes/no)</i>	
13	I needed to get in touch with my midwife with questions about my pregnancy <i>(yes/no)</i>	
14	I have experienced my midwife not being able to see me in the clinic because of the Corona-situation <i>(yes/no)</i>	
15	I have been in contact with my midwife via phone or video instead of going in to the clinic <i>(yes/no)</i>	
16	<i>My midwife is based in a hospital (yes/no)</i>	
17	<i>My midwife is based in a midwife practice. i.e. not in a hospital. (yes/no)</i>	
	The following questions are about Coronavirus-infection and about how you assess the risk of you getting infected during pregnancy	
18	During the lockdown in March I was working or studying <i>(yes/no)</i>	
19	During the lockdown in March I was sent home from work or studies <i>(yes/no)</i>	
20	Within the last two weeks I have had symptoms of a Coronavirus infection such as:	
	Fever <i>(yes/no)</i>	
	Cough <i>(yes/no)</i>	
	Sore throat <i>(yes/no)</i>	
	Headache <i>(yes/no)</i>	
	Muscle aches <i>(yes/no)</i>	
	Shortness of breath <i>(yes/no)</i>	
21	Within the last two weeks, someone I live with has had symptoms of a Coronavirus-infection, such as:	
	Fever <i>(yes/no)</i>	
	Cough <i>(yes/no)</i>	
	Sore throat <i>(yes/no)</i>	

	Headache (<i>yes/no</i>)	
	Muscle aches (<i>yes/no</i>)	
	Shortness of breath (<i>yes/no</i>)	
22	I have changed the following routines to prevent infection:	
	I have isolated myself at home (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	I keep a distance from strangers in public places (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	I avoid public transportation (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	I have isolated myself from my partner (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
23	My assessment of risk	
24	I assess my risk of getting infected with Corona-virus during pregnancy as being high (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
25	My risk of getting infected by the following is high:	
	Family members (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	Work place or study (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	During shopping (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	On public transportation (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	At my GP's clinic (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	At my midwife's clinic (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	At the hospital (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	Illness and transfer of infection	
26	If I get infected, there is a high risk that I will become severely ill (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
27	If I get infected, there is a high risk that my unborn child will be affected (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
	The next questions are about your thoughts in relation to pregnancy, giving birth and contact with health services	
28	My main concerns during the Coronavirus-epidemic are:	
	My health	
	My unborn child's health	
	My partner's health	
	My other children's health	
29	I worry that my usual contact with my GP/midwife will become complicated if I get infected with the Corona-virus (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
30	I worry that my usual contact with my GP/midwife will become complicated because of the Corona-situation in general (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
31	I would feel more safe going to my GP or midwife if:	
32	The appointment could be via phone or video (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
33	The appointment could be somewhere other than the clinic e.g. in municipal premises (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
34	GP/midwife used personal protection equipment to a larger extent (e.g. facemask) during examination (<i>Strongly agree/agree/disagree/ strongly disagree</i>)	
35	GP/midwife were tested immune to Coronavirus (<i>Strongly agree/agree/disagree/ strongly disagree</i>)
